We Invite You to

Be Fabulous

Fabulous is a look. Stunning, sexy, athletic, cute, strong... however, *you* define it.

But most of all... Fabulous is a feeling. It's how you feel when you are empowered, joyful, classy, commanding respect, lighting up a room or maybe simply being close to someone special.

Fabulous is personal. But most of all, fabulous is great!

At Stella MedSpa, our passion is helping you look and feel your fabulous best... however *you* define it. Our skilled and friendly staff will safely deliver the latest in skin rejuvenation and laser services, personalized to help you look your best.

Visit us at one of our two locations, and prepare to *Be Fabulous!*

Hair Removal

Laser Hair Removal

Delight in carefree, silky skin. Strella MedSpa employs state-of-the-art technology to permanently reduce unwanted hair. The laser and light systems can be used safely and effectively on most skin types and are FDA approved for permanent hair removal. *A series of treatments is recommended for best results.*

Laser Skin Rejuvenation

Photofacials

Enjoy luminous, younger-looking skin by reversing the signs of sun damage and increasing new collagen production to improve skin's elasticity. A photofacial is a non-invasive, painless laser light treatment that reduces sun spots, age spots and uneven skin tone caused by chronic sun exposure.

Fractional Laser Skin Resurfacing

Achieve a dramatically smoother, younger appearance. Fractional laser resurfacing corrects wrinkles, texture problems, stretch marks and mild to severe acne scars without the prolonged downtime associated with traditional laser resurfacing. Fractional laser skin resurfacing creates tiny thermal micro columns within your skin, causing collagen remodeling and stimulating new collagen production.

Illuminate Plus

This fabulous treatment package combines the clarifying, regenerative power of photofacials with the rejuvenating, reparative improvements of chemical peels. This series of treatments will have you looking illuminated and more youthful . (5 photofacials and 3 chemical peels)

Tattoo Removal

Have a tattoo that's no longer you? We offer the latest in tattoo removal technology. Our state-of-the-art procedures treat tattoos twice as fast and twice as comfortably as previous generation technology allowed, taking tattoo removal to a whole new level! Whether you're looking to remove, modify, or lighten a tattoo, Strella MedSpa is here to help.

Skin Rejuvenation

Chemical Peel

A chemical peel will improve and smooth the texture of the skin by removing damaged outer layers. This is an excellent treatment for acne, sun damage, wrinkles, scarring and pigment discoloration. Chemical peels promote the growth of new skin and collagen with an improved texture and radiance that is noticeable in just a few days. In just 20 to 30 minutes, your skin is transformed.

Microdermabrasion

Smooth, radiant skin can be yours with this non-invasive, chemical-free procedure that exfoliates skin to remove the outermost layer of dry, dead skin cells, revealing younger, healthier-looking skin. Microdermabrasion encourages the production of new skin cells with higher levels of collagen and elastin to improve your skin's look and feel.

Clinical Facials

Our facials are thorough, personalized and will leave you feeling fabulous. We begin with an expert analysis of your skin, followed by a deep cleansing and exfoliation. A facial massage follows to help you de-stress while skin tone is enhanced. We use a special mask chosen especially for you before we apply medical-grade toners and cream.

Skin Care Products

We offer the highest-quality and most effective skin care products to help you maintain your skin care regimen at home. Our expert staff can guide you in selecting the best products for your skin type and condition.

Backcials

Our backcials are designed to treat every skin type from dry skin to oily and acne prone skin. This invigorating experience includes a deep cleansing, exfoliation, extractions if necessary and a treatment mask to suit your skin's needs to bring a youthful, glowing appearance to your back.

Power Peels

Get a fabulous “Glow to Go” with a Power Peel. This treatment combines a chemical peel and a microdermabrasion for outstanding results. Feel and look refreshed and glowing in under an hour.

Acne Treatment

At Stella MedSpa, our acne treatments have been clinically proven to reduce acne by 50% after just one treatment and up to 90% after the fourth. Acleara acne therapy is a breakthrough acne treatment combining a gentle vacuum with pulses of laser energy to help clear your pores, treat acne outbreaks and get back the clear skin you’ve come to miss.

Facial Lines

BOTOX® Cosmetic

Time is relative with BOTOX Cosmetic. Treat the muscles that cause the lines between your eyebrows, along your forehead and around your eyes. BOTOX Cosmetic is FDA approved and requires zero downtime.

Juvéderm® XC

So smooth and natural, everyone will notice, but no one will know. Juvéderm is a smooth gel dermal filler that eases under the skin to instantly improve “parentheses lines” on the sides of your nose and mouth. It may also be used to enhance lips or correct smoker’s lines.

Radiesse®

Radiesse wrinkle filler stimulates new collagen production, resulting in increased volume for natural looking, long-lasting wrinkle correction.

Sculptra®

Sculptra is a new type of filler made from poly-L-lactic acid, which replaces lost collagen slowly over time. Most patients will need a minimum of three treatments, which will then last up to two years.

Dysport®

Enjoy a more youthful, relaxed look. Dysport is a simple, effective, non-surgical treatment that works by easing facial muscles on the forehead, thereby reducing and smoothing away frown-lines and wrinkles. The most commonly treated areas are the glabella, forehead muscles, and crow's feet.

Restylane®

This safe and natural cosmetic dermal filler restores volume and fullness to the skin. Using hyaluronic acid, a natural substance that already exists in the human body, FDA-approved Restylane can improve the look of both superficial and deep wrinkles.

Perlane®

Perlane treats superficial lines and wrinkles but also more pronounced deeper wrinkles such as laugh lines. Perlane restores volume and fullness to the skin to correct facial wrinkles and folds, giving a smoother, more youthful appearance.

Frequently Asked Questions

Arrivals

Please arrive approximately 15 minutes before your appointment. This will give you time to settle in and complete any necessary forms. Our patients enjoy prompt appointments so that treatments can begin and end on time.

Health Issues

Please discuss any concerns relating to pregnancy, impaired mobility, allergies, recent surgeries or medical conditions with us prior to your appointment during your initial consultation process.

Your Comfort

If at any time during your treatment or procedure you do not feel comfortable with the temperature, pressure or technique being used, please do not hesitate to advise one of our staff. They want to make your visit as comfortable as possible.

Shhh

We respectfully request that cell phones be put in quiet mode during your appointment. This is for your peace of mind as well as those around you. As a courtesy to our guests, we ask that children not be brought to the facility. Children under 18 receiving treatment must have a parent present.

Appointments & Cancellation

Please schedule your appointment at least two weeks in advance when possible. We require a 24 hour notice for date change or cancellation. A 50% service fee will be charged if you cancel after this time period or miss your appointment.

Gift Certificates

Available in various denominations at our office.

Consultations

Initial consultations are complimentary.

Payment and Financing

For your convenience, we offer several payment methods and financing options.

Medical Directors

Strella MedSpa is physician-owned and operated, helping assure the highest level of safe and professional care.

Dr. Jayson Dupré, Co-founder, Medical Director

Dr. Jayson Dupré is an internal medicine specialist and Medical Director at Strella MedSpa.

Dr. Dupré is certified in medical aesthetics and has received advanced training at the National Laser Institute and Physicians Skin Institute in Scottsdale, Arizona.
